

## SEND 14 SEND Information Report – Malden Parochial School

	<p style="text-align: center;"><b>School response to the 14 questions</b></p> <p style="text-align: center;"><b>This complies with Regulation 51 and schedule 1 of the Special Educational Needs and Disability Regulations 2014</b></p> <p style="text-align: right;"></p> <p style="text-align: center;"><b>Updated November 2023</b></p>
---	--

### **1. How does Malden Parochial know if children need extra help and what should I do if I think my child may have special educational needs?**

- We track the progress and attainment of all pupils through termly assessments, tracking systems, book scrutiny, lesson observations and learning walks which help to identify of any additional needs or celebration of achievement.
- The class teacher continually monitors pupil progress and social and emotional well-being, over seen by the Senior Leadership Team (SLT). If there are any concerns the Special Educational Needs Coordinator (SENCo) is consulted
- If parents/carers have any concerns about their child's progress, attainment or well-being they are encouraged to make an appointment with their class teacher. A meeting will be arranged as soon as possible
- Alternatively they can speak to our Inclusion Leader who is the SENCo or the Headteacher
- If a child has already been identified as having a special educational need they will have a Personal Provision Plan (PPP) and their progress is reviewed with parents/carers termly at parent's consultation evenings
- Children who have an Education Health and Care Plan (EHCP) will be reviewed yearly at an Annual Review with all the adults involved in the child's education and well being

### **2. How will Malden Parochial staff support my child?**

Children can be supported through additional help and intervention, this may include:

- The class teacher with focused, targeted teaching in place in class
- The class teacher setting focused learning tasks for children in class where planning is differentiated to suit the child's specific needs
- Additional support within or outside the classroom by a member of teaching support staff
- Specific intervention programmes run before and during school - if your child has been identified as needing extra support, they may be

## SEND 14 SEND Information Report – Malden Parochial School

invited to join one of the groups

- Specialist group run by an outside professional (i.e. Speech and Language Specialist)

If a child has a PPP it will show what sort of provision is in place, what outcome is expected, who is providing it and for how long.

Progress of all children receiving additional support will be monitored to ensure that the provision we have put in place is having the impact we are expecting.

Quality First Teaching by your child's class teacher is the first level of support for all children including those with SEND. This means :

- The teacher has the highest possible expectation for your child and all pupils in their class
- Teachers build on what the child already knows, can do and can understand
- Learning is differentiated; this may be through resources, varied teaching styles or support.
- Learning tasks are adapted to enable all children to access their learning as independently as possible
- Different ways of teaching are used, so that your child is fully involved in learning in class
- Specific strategies and advice from the SENCo are put into place to support your child's learning

Your child's teacher will have assessed your child and is aware of any gaps in their understanding and learning requiring extra support to make the best progress possible.

Intervention groups will be for children identified by the class teacher as needing extra support in school to help them with specific gaps in their understanding and learning or to help them build social skills or to build confidence and self-esteem.

These groups include:

- **Literacy and Language:** Reading, Phonics, Communication and Language, SPaG (Spelling, Punctuation and Grammar), Speech and Language, Colourful Semantics, School Start
- **Maths:** Times tables, number facts and specific areas of maths
- **Social Skills/ PSEd:** Social Emotional Communication, Nurture, Social Skills Games, Attention, Lego Therapy
- **Coordination:** Fine motor, Handwriting, Touch Typing, Memory Skills

The SENCo keeps an overview of all intervention groups. These groups are not just for children with SEND.

## SEND 14 SEND Information Report – Malden Parochial School

At Malden Parochial, we believe that early intervention and support maximises the individual child's potential and maintains progress.

### **Specific individual support**

- If your child requires further intervention or support to make expected progress, they will be placed on the Additional Needs Register. This means that the SENCo as well as their class teachers will closely monitor them. They may continue with group support or have 1:1 sessions.
- If your child is identified as needing sustained and specialist additional support to enable them to make expected progress the parents/carers will be invited to an initial meeting at the school with the SENCo to draw up a plan. Targets will be written by the class teacher and the SENCo and will be shared with the child and parents.

### **Education, Health and Care Plan (EHCP)**

These children have been identified by the class teacher/ SENCo/Outside Agencies as needing a high level of individual or group teaching. The level of support required will be specified in the EHCP and we work closely with parents and children to ensure the support is provided for your child. Progress is monitored constantly to ensure it is effective.

### **3. How will the curriculum be matched to my child's needs?**

- Differentiation is embedded in our school curriculum and practice. All teachers differentiate learning to meet the needs of the children in their class. Differentiation may be through resources, class groupings, individualised teaching strategies or additional support provided by a teacher or TA
- Every class teacher group's children for different lessons, but these are flexible according to the lesson planned and prior learning. All pupils share in the learning intentions
- We track the pupil's progress half-termly. We have regular pupil progress meetings which help us to highlight individual children and we discuss next steps
- All of our staff are clear on the expectations of progress and this is closely monitored by the Head teacher, SENCo and governors

## SEND 14 SEND Information Report – Malden Parochial School

### 4. How will both you and I know how my child is doing and how will you help me to support my child's learning?

- Parent consultation evenings termly ensure we share your child's progress with you.
- A written report is given at the end of the summer term with a focus on next steps for learning. Additional meetings can be arranged on request.
- The website also has additional information to help families support their child's learning.
- We also deliver parents workshops on various curriculum areas through the year. We encourage parents to attend these meetings as they can help to provide support and understanding on teaching and learning methods used at school in that particular area. They will also advise on how you can support your child at home.
- For some children with special educational needs, targets are identified and strategies discussed and put in place and reviewed termly. These are shared and agreed by parents at a meeting in school with the class teacher and SENCO. If your child has an Education Health Care Plan, objectives and targets are discussed at Annual Reviews or sooner if necessary with the SENCO. Outside agencies may make recommendations and these will be shared and agreed by you at the review. We value the contribution of parents/ carers so we work in partnership together.
- In addition to these meetings, the school has an open door policy and class teachers, SENCo and Headteacher are happy to meet with parent/carers.

### 5. What support will there be for my child's overall well-being?

- All of our staff offer a high level of pastoral support. Pupils are encouraged to talk to staff they feel comfortable with if the need arises
- Our Behaviour Policy gives clear guidance on expectations, rewards and sanctions and is fully implemented throughout the school. We rigorously monitor attendance and work with our Education Welfare Officer to take necessary actions to prevent prolonged, unauthorised absence.
- All pupils are supported with their social and emotional development through the curriculum in PSHE lessons (personal, social, health, and emotional) and at playtimes. Themes and ideas are developed, shared and discussed in class lessons, circle times, activities, Collective Act

## SEND 14 SEND Information Report – Malden Parochial School

of Worships, interventions and whole school projects.

Whole school projects have included:

Sun safety week, Mental Health Awareness Week, Anti Bullying Week, Internet Safety Week

- We have a Pupil Voice Team, with representatives from all classes. They are appointed by their classmates and have opportunities to share views and put forward new ideas. Each year, the children complete questionnaires to do with their well-being in school, such as happiness or safety. Any concerns raised are followed up and we build on positive responses.
- Malden Parochial runs social skills groups and emotional literacy groups for identified children who may be considered vulnerable. Trained support staff run Lego Therapy groups weekly.
- A wide range of extra-curricular clubs are provided. (internally run clubs and fee paying external run clubs).
- We see the importance of developing staff expertise in supporting emotional health and well-being and this has been facilitated through whole school training with the Educational Psychologist. Our Educational Psychologist also works closely with the SENCo and class teachers to support individual children within the school.

### **6. What specialist services and expertise are available at or accessed by Malden Parochial school?**

- All of our teachers hold Qualified Teacher Status. Some of our staff are trained in specialist areas to support special educational needs and we encourage staff to continually update their skills and knowledge.
- The school has an excellent relationship with all external agencies. These include:
  - Educational Psychology Service,
  - Speech and Language Service, Health,
  - Occupational Therapy, Family Adolescent and Child Team (FACT),

## SEND 14 SEND Information Report – Malden Parochial School

- Family Advice and Support Service (FASS),
  - ASD advice from Specialist Units in the LA,
  - Hearing and Visual Support Services
  - Behaviour support.
- We work with Social Services and Community Police.

### 7. What training are the staff supporting children with SEND had or are having?

- We regularly invest time and money in training our staff to improve class teaching delivery, small groups and 1:1 interventions. We hold weekly staff meetings which includes dedicated time for training within the core subjects and the wider curriculum we offer. This also includes staff updates on matters relating to special educational needs and disability.
- All staff have completed training on safeguarding within the last year and we have 2 members of staff who have Level 3 safeguarding training
- The SENCo has provided training for the staff on the SEND reforms which became statutory from September 2014.
- Support staff have regular meetings/training sessions with the SENCo. Meeting content is specifically targeted at individuals or groups of children who have specific difficulties.
- Support staff training covers a wide range of areas including Speech and Language training, how to best support children with a poor working memory, Occupational Therapy training and supporting poor spellers, the teaching of reading, supporting children with anxiety, behaviour management and phonic progression.
- Our SENCo is a qualified teacher and has the National Special Educational Needs Coordinator Award. She is a member of the Senior Leadership Team and ensures that all staff training and support reflects SEN professional development needs within the school.

## SEND 14 SEND Information Report – Malden Parochial School

### 8. How will my child be included in activities outside the classroom including school trips?

We are an inclusive school and so no child is excluded or prevented from participating in and enjoying the same experiences as any other child at Malden Parochial. We expect all learners to be able to join in with all aspects of the curriculum; including activities outside the classroom. Where there are concerns of safety and access, further consideration is put in place to ensure that needs are met. We would involve parents/ carers in these discussions.

- Designated teaching assistants are trained in first aid and they support teachers on school day trips and residential trips. If a child has a specific need whereby they need to have 1:1 support then this can be accommodated by the school.

### 9. How accessible is Malden Parochial's environment?

- We have an Accessibility Plan and make every effort to make reasonable adjustments where possible. (See Accessibility Plan and Disability Equality Scheme on school website) Our school is wheelchair accessible externally, however access to the two levels in the main building have to be from outside. We have disabled toilet facilities.
- All staff have been trained in using an epi-pen.

### 10. How will Malden Parochial prepare and support my child to transfer to a school or the next stage of education and life?

Transition and induction are vital whether moving between classes or between settings.

**Transfer to Malden Parochial in the Early Years:** Our Early Years Team work closely with Pre-Schools, Day Nurseries and Nursery Schools to ensure the transition of a child is as seamless as possible and the children settle quickly and happily into their new environment. A meeting with class teachers, support staff and the Headteacher prior to your child's arrival is held in the summer term. Before your child starts in the September, all parents will receive a welcoming pack and the child will also receive a booklet with pictures of staff and things they need to know. Before they start in September, Nursery children will have a home visit from the Nursery staff and Reception children will be invited in to

## SEND 14 SEND Information Report – Malden Parochial School

school for parent discussions and a child activity session. If a child has been assessed with SEND, there will be additional liaison opportunities and where required outside agencies will be consulted to make sure all needs are covered. We try to ensure all information is in place before the child starts.

**Transfer to other classes within Malden Parochial:** All staff at Malden Parochial liaise closely to ensure that transitions are smooth and successful. Meetings are arranged with SENCo and previous class teacher to ensure information is passed on. A ‘transition book’ will be made for children who we feel would benefit and visits to the new classroom will be timetabled to help familiarise and reduce anxiety. We realise each child has different needs and recognise that for some a more personalised approach may be needed. We would therefore encourage parents to discuss their views with the Inclusion Leader/SENCo so we can work together to ensure the right support is in place.

**Transfer to other schools from Malden Parochial:** When a child transfers from Malden Parochial to another school we provide information for the next setting. For children on the SEND register or with a statement/EHCP there is additional liaison and sharing of information

**Transition for children from KS2 to Secondary School:** Transition is equally thorough at KS2. Local schools visit the children on site at Malden Parochial and also meet with our teachers. If deemed necessary children will have the opportunity to visit their new school on an individual basis, in addition to the customary Secondary Transfer day that the LA provides for all children on transition to Secondary School. A transfer of information day occurs towards the end of the Summer Term to enable the SENCo’s from all Junior and Secondary schools in the LA to meet and hand over information and discuss the needs of pupils to ensure their transition is smooth.

### 11. How are Malden Parochial’s resources allocated and matched to children’s special educational needs?

- The Head teacher, Governors and School Business Manager oversee all matters of finance. Interventions and support are based on need and are costed and evaluated. The SENCo and Head teacher regularly meets with the School Business Manager to consider budget issues.
- Where a child needs additional support over and above the core funding, the school will apply for additional funding to further meet their needs through an Education, Health and Care Plan (EHCP)

## SEND 14 SEND Information Report – Malden Parochial School

### 12. How is the decision made about what type and how much support my child will receive?

- All class teachers deliver quality first inclusive teaching. The code of practice makes teachers more accountable for the progress of ALL children in their class including those supported by specialist staff.
- Any need which arises will primarily be identified by them. The identification of a need can be at any time throughout the year and is not limited to half-termly assessments and data analysis. The class teacher will inform you of any areas of your child's school life they feel needs additional support or continued discussion. The class teacher will then decide on what type of support is needed and put this in place. They will then monitor and gather evidence of the impact of support.
- For those children who need extra specialist support, the class teacher will arrange to meet with the SENCo and further discussions will take place to decide on the way forward. If appropriate the SENCo will make the necessary referrals after parent consultations to the necessary agencies such as the Educational Psychologist or Speech and Language Therapist.
- All interventions are monitored for impact and outcomes are defined at the start. The SENCo also monitors all interventions and regularly discusses with the Senior Leadership Team.

### 13. How are parents involved at Malden Parochial School? How can I be involved?

We strongly believe that a partnership approach with parents/carers is the best way to support a child's learning and needs. We have an open door policy and teachers regularly meet with parents to discuss learning. There are many ways in which we encourage parents to become involved in their child's education:

- Our Governing Body includes Parent Governors
- Up to date communication (information via e-mails, newsletter, website)
- We have a strong Parent Staff Friends Association (PTA) and a large group of Parent Volunteers who assist in the classrooms and with trips. Special welcome days take place throughout the school calendar year, which target family members of our community such as

## SEND 14 SEND Information Report – Malden Parochial School

‘Grandparents Morning’ and ‘Parents in Class’.

- Parent Workshops
- Parent Consultation Meetings
- Class Assemblies
- Parental help for visits
- Each class has a WhatsApp group and a class representative co-ordinates information to parents within their child’s class.

We are very happy for parents to volunteer to help in school. All parent helpers must have a DBS check and complete forms obtainable from the office.

### 14. Who can I contact for further information

In the first instance, parents/carers are encouraged to talk to their child’s class teacher.

The Inclusion Manager, who is also the SEND Coordinator, can be contacted through the School Office by either email at [office@mps.rbksch.org](mailto:office@mps.rbksch.org) marked for her attention or by telephoning the school on 0208 337 4804.

The Head teacher and Deputy Head are also available and can be contacted in the same way. We warmly welcome parents/carers to visit the school to discuss their child’s needs and a visit can be arranged through the school office

This report will be reviewed annually.
